

## Home Town Stuff

There are two possibilities for an additional rail outlet for Vernon, according to the view of a local business man who is conversant with shipping and railroading both from the standpoint of a shipper and a former railroad man. One possible outlet is a line south-east to Archer City through the South Vernon oil field and the Wichita valley irrigated district. Another is the extension of the Katy lines west from Wichita Falls up the Wichita valley turning north-east of Lake Kemp to enter Vernon through the oil fields. Either of these projects would traverse a territory where much traffic originates and which is not now served by a railroad. Still another matter worthy of consideration in this connection is an extension of either the Katy or the Wichita Southern into Vernon would give the road entrance into Vernon, the center of the greatest cotton growing region in the Lower Panhandle. Vernon would profit, of course, by reason of the fact more jobbing houses and manufacturing concerns could be attracted here. After all, it is not the trunk lines that build cities, it is the short lines.

The time is ripe for proposing a county-wide road bond issue that will provide for the completion of the Colorado-Gulf highway to the Hardeanman county line, Lee highway to Ford county, a paved road to the oil field and a ten or twelve-mile stretch of paving north of "Pease River." is the opinion of a prominent local citizen. He called attention to the fact that the north and south road is now subject to state and federal aid, making it possible to build into the north part of the county at lower cost than ever was before possible. Agitation continues for a district issue in the West Vernon Commissioner's precinct which would include more than half of the city and the greater part of the oil fields. If that precinct ever votes bonds for the improvement of its road it would practically doom any possibility of a county issue. The tax valuations are south of Pease River and the citizen quoted declared that if the people of the north side ever expect to build any pavement it would be a fatal mistake to allow the West Vernon precinct with its heavy taxable values to vote bonds without trying a county-wide issue.

It is announced by R. H. Smith, local manager of the Vernon Electric and Ice Company, that he will entertain members of the local Rotary Club and their families at a watermelon cutting at the Company plant on Cumberland and Olive Streets Friday evening, August 21.

Construction on the bridge across Red River between Davidson and Oklahoma is going forward at the rate of 150 feet per day. The structure can be completed in from six to eight weeks at this rate, since it is to be a little more than 5,400 feet in length, unless weather interferes or material delayed. It is planned to start the flooring right behind the pile driver. In this way it will be only a matter of a few days after the last pile is driven before it will be possible for traffic to pass over. A contract was let in Austin by the Highway Commission a few days ago for the grading and construction of culverts on Lee highway between Oklahoma and the bridge. Present indications are that it will be possible to travel Lee highway to Davidson and Frederick by November 1.

Work has been started on the high line that will serve Oklahoma Harrold and intermediate territory with electricity from the local power plant of the Vernon Electric and Ice Company. Work has been held up on this project for some time on account of delays in arrival of materials.

Many local people are looking forward anxiously to the time when the South Main pavement will be opened to traffic. The completion of this improvement gives a continuous stretch of pavement from the Denver station to Paradise creek south of town. The Pannin street pavement, now being laid, will relieve the congested condition of Main to a great extent in the opinion of the city officials and open up a new outlet for the rapidly expanding business district.

### MAN STILL IN JAIL FOR RUNNING OVER FARMER

Dan Danner of Ponca City, Okla., is still lodged in the local county jail in connection with the running down of J. B. Goodale, a farmer living near Harrold. Danner is charged with operating a car while intoxicated.

The former was injured more than a week ago while walking along the road near his home. A speeding car struck him, ran over him and turned over. He is able to walk, and is recovering rapidly according to latest reports.

## CONTRACT LET FOR GRADING COUNTY ROADS

State Highway Commission Awards Wichita Falls Man Contract for Reconditioning Roads East and North From Oklahoma.

A contract was let for road grading and construction of bridges over eleven and one-half miles of roads in Wilbarger County at a meeting of the State Highway Commission during the early part of the week. The Colorado-to-the-Gulf Highway will be graded between Harrold and Oklahoma, and Lee Highway will be graded north from Oklahoma to Red River, connecting with the approach to the toll bridge which is under construction by Messrs. J. I. and J. A. Stanley of Wichita Falls, according to the terms of the contract. R. B. Stroup of Wichita Falls was awarded the contract for the work. Paving of the stretch between Oklahoma and Harrold will fill in the last gap in the pavement between Wichita Falls and Vernon, as everything is in readiness to pave the stretch from Harrold to the county line east. Work will start about September 1 on the latter project. Bonds have been voted for the paving of the highway between Oklahoma and Harrold, but have been held up in litigation for some time. County Commissioners made application to have the road graded in order that it might settle and be in good shape for paving if the litigation ends favorably for the county.

Grading of the link of the Lee Highway between Oklahoma and Red River, and the erection of the toll bridge, construction of which has begun, will eliminate a long detour in Lee Highway. Under the terms of the contract, Mr. Stroup is to receive \$11,371 for grading of the highway between Oklahoma and Harrold, and \$6,635 for grading on Lee Highway from Oklahoma North. Half of the amount will be paid out of the local road funds, and half will be paid by the State.

The letting of the contract for the grading is the first act affecting Wilbarger County made by the State Highway Commission under the terms of the new highway rules, which takes all the authority to let road contracts out of the hands of the local commissioners.

## Teachers Taking Final Permanent Exams Today

Undergraduate teachers of this county are being given their last chance to secure a permanent certificate without obtaining a college degree in the teacher examinations which are being given at Junior High school today and tomorrow. Only five teachers are availing themselves of the final opportunity.

Henceforth only two classes of certificates will be granted on examination, elementary and high school. The state department of education designates these certificates as second class because they are secured by examination. First class certificates may be secured only by the completion of four-year college courses. Although the elementary certificates are valid in all elementary schools in the state, the high school certificates will be valid only in unclassified high schools. Certificates issued before September 1, and old certificates will have the same validity as heretofore, according to the announcement from the state department.

## ELECTRA COUPLE ARE MARRIED WEDNESDAY

Walter C. Suttles and Miss Lillie Flora Marshall, both of Electra, were married at the Presbyterian church, Wednesday afternoon at 6 o'clock. Dr. E. L. Moore pastor of the church officiated and the ring ceremony was used. Mr. Suttles is connected with a department of the city of Electra and they will continue to make their home there.

### Visiting in Amarillo.

Mr. and Mrs. A. M. Hiatt left Wednesday afternoon for Amarillo to visit at the home of their daughter, Mrs. R. Clyde Smith, in the hope that the change will prove beneficial to Mr. Hiatt's health. Misses Birdie and Margaret Sue Hiatt left Tuesday for Amarillo and drove through in the car.

## Who Will be Queen of the Sea?

Lillian Harrison, to the left, failed to swim the English channel; so did Mlle Sion, of France, and the last to give up was Col. Freyburg, war hero. Gertrude Ederle, of the U. S. A. alone remains to try. (Int'l Newsreel.)

## BAPTIST WOMEN LEGION TO GO IN 2-DAY MEET TO STATE MEET

WOMEN OF WILBARGER-FOARD ASSOCIATION TO HOLD INSTITUTE. DELEGATION WILL BE SELECTED AT MEETING MONDAY NIGHT.

The Woman's Missionary Union of the Baptist churches of Wilbarger-Foard association will meet Tuesday, August 18 with the women of the First Baptist church, here, for a two-day institute on Christian training. Prominent women of the church will teach various subjects. Mrs. W. A. Pyle of Dallas and Mrs. Ben King of Wichita Falls will lecture on different phases of the work of the women in the church movement.

The books to be studied at this time will be taught as follows: Mrs. A. T. Underwood will teach, "Christians in Social Relationship." Mrs. C. Ross Payne, "Oaks and Laurels," and Mrs. E. F. Lyon will instruct on "Japan on the Upward Trend." The association of women embraces membership in ten or twelve churches in the two counties of Wilbarger and Foard, and a large attendance is expected. Examinations will be held the afternoon of the last day and adjournment will be made Wednesday afternoon. Members are asked to bring their lunches for the two-day session.

## Adam Donges to Install Another Egg Machine

Adam Donges, local poultryman, is installing another 15,000 Buckeye egg machine at his big hatchery in northwest Vernon. Mr. Donges expects to have the new machine ready for the fall hatch of baby chicks.

In addition to the new Buckeye he has already installed a Miller's Ideal which brings his chicken plant up to about 35,000 egg capacity. Mr. Donges was fairly swamped by orders for baby chicks and withdrew his ads in poultry journals long before the season was over. Local people also bought largely. By the installation of the new machine, he hopes to keep pace with his orders for baby chicks in the future.

### Band Stand Completed.

Work on the new band stand has been completed. No concert will be given tonight as the local band will be at Brunk's Comedians, which are showing here under the auspices of the band.

### Return From Colorado.

H. O. Reed, C. A. Carney and Mr. and Mrs. Albert Jones left about two weeks ago for a tour of New Mexico and Colorado. Mr. Reed and Mr. Carney returned Wednesday. Mr. and Mrs. Jones will return the latter part of this week.

### Visit Local Minister.

Rev. and Mrs. L. G. Hagard and two children, and Mrs. H. B. Cogdell and little son of Frisco, have been visiting in the home of Rev. C. A. Bickley during the past week. Mrs. Cogdell and Mrs. Hagard are the sisters of Mrs. Bickley.

## REDUCE COUNTY TAX RATE TEN CENTS ON \$100

Reduction Is Made Possible Through Increase in Valuations, Due Chiefly to Oil Development Since Last Year When the Rate Was 95 Cents.

The County tax rate for 1925 was fixed at 85 cents on the \$100 valuation by the County Commissioners at the regular session of the Court Tuesday. This represents a reduction of 10 cents from the levy of last year when the rate was 95 cents. The reduction was made possible by the increase in total valuations from slightly less than \$16,000,000 to a little more than \$20,000,000. The increase made reductions possible for levies in several different instances, though an increase was found to be necessary in others, as notably the road and bridge fund, on account of the heavy demand for road improvement to the oil fields and the chronic shortage of funds for the improvement of lateral roads in different sections of the county. The opening of new roads has also made a heavy demand on the road and bridge funds.

Even with an increase in road funds, they will still be inadequate to satisfactorily maintain the hundreds of miles of dirt roads in the county. None of the increase in revenues will come into the treasury, of course, until next year. The bulk of the taxes are paid in January each year, although they become due and payable October 1.

No change was possible in the district road bond levies in the Harrold and Oklahoma precincts, due to the fact that most of the increase in valuations came from the oil fields and most of it is located in the West Vernon Commissioner's precinct, outside of the road districts. The levies in the various school district vary and are not included in the County tax levy.

In addition to the levy of 85 cents and valorem an occupation tax equal to one-half the occupation taxes of the State was levied on all businesses subject to such tax. The usual county poll tax of 25 cents was also included in the levy.

Following is a table showing the levies for 1925 and 1924:

Class—	1925	1924
1. Jury fund .....	.03	.08
2. Road and bridge.....	.20	.10
3. General fund .....	.24	.23

## Fort Worth Man Injured On Road Near Vernon Dies

Dr. G. R. Williams, Fort Worth dentist, who was injured when a car in which he and W. N. Moore, postmaster of Fort Worth, were riding, turned over near Vernon, and died, was buried in Fort Worth Monday night.

Dr. Williams was injured on August 4, when the car in which he was riding slid off the pavement two miles east of Vernon in an attempt to pass a truck load of pipe. Both men were pinned beneath the car, and Dr. Williams sustained several broken ribs, a fractured collar bone, and a crushed chest. He was given treatment at a local sanitarium, and was carried to Fort Worth the next day. It was thought that he was recovering here.

The body was shipped to the family home in Eagleview, Tenn.

### ABILENE MAN DIES AT HOME OF DAUGHTER HERE

T. W. Lillis, 46, of Abilene died at the home of his daughter, Mrs. S. F. Martin of South Bowie street Wednesday afternoon. He had been visiting in this city about two weeks prior to his death.

The body was shipped to Abilene for burial at noon Thursday. The deceased is survived by a wife, his father, H. Lillis, a brother, Alvin Lillis, a sister, Hanna Lillis, all of Abilene, and a daughter, Mrs. S. F. Martin of Vernon.

## COTTON PESTS DISCOVERED IN LOCAL FIELDS

Measuring Committee Finds Boll Worms and Weevils on Cotton Farms in Some Sections of the County—Says No Need for Alarm.

While measuring the cotton crops entered in the "More Cotton on Fewer Acres Contest," a committee composed of local business men found boll worms and boll weevils on a number of farms in various sections of the county, although in small numbers. Weevils were found in the southwest part of the county, and worms in the northwest.

P. D. Chaney, one of the committee who toured the county in making the measurements, said that appearance of the insects need cause no alarm among the farmers, as they appeared in such small numbers, and were found only in very low places where the cotton was almost waist high. He expressed the belief that the average cotton would not shade the ground enough to make the insects dangerous.

The county agent stated that he was well pleased with Wilbarger county's cotton outlook for this year, after visiting every community in the county. He expressed surprise that the drought stricken crops had developed so rapidly following the rains. Other members of the committee state the belief that the county will produce as much cotton as it did last year.

All farms which were entered in the "More Cotton on Fewer Acres Contest" from this county have been measured, and reports have been made to the state officials. R. M. Fielder, chairman of the measuring committee, stated this morning. Forty farmers entered the contest from this county, although a number entered at Electra following the announcement that a local prize would be given by that city to the winners entering there.

J. O. Orr, Walter Cagle, and R. M. Fielder, chairman, composed the measuring committee. P. D. Chaney, county agent, accompanied the committee on its tour.

## Divorces Feature Work Listed For Fall Term Court

Wilbarger County married people are evidently becoming tired of each other, as twenty-seven new divorce cases have been placed on the district court docket since the last term, will be tried during the fall term which begins Monday, according to the docket. This is the largest number listed for trial in recent years, according to Mrs. J. A. Walker, district clerk.

Mrs. Walker states that this will evidently be a busy term of court as seventy-one new cases have been placed on docket since the spring term of court dismissed. A number of cases continued from last term will be brought up in the fall term, among them being the Bryant murder case in which Dave C. Bryant is charged with the murder of Harry A. K. Hagen.

Only appearance cases will be tried July will be called for the second next week as no jury will be called, week.

## LIBRARY RECEIVES NEW GOVERNMENT BULLETINS

The Library has recently received the following Government bulletins:

Regulations concerning Oil and Gas Permits and Leases, Including Relief Measures and Rights of Way for Oil and Gas Pipe Lines.

Operating Regulations to Govern the Production of Oil and Gas.

## FAITH CAFE TO OPEN SATURDAY

COMPLETES NEW SECTION IN BUSINESS DISTRICT OF CITY.

Formal opening of the Faith Cafe will take place at its location at 1607 Cumberland Street tomorrow morning, according to an announcement made by Steve Maryol, owner, today. Tomorrow morning between the hours of 7 and 9 o'clock all visitors will be served sandwiches and coffee.

The opening of the new cafe completes the new business section on the sixteen-hundred block of Cumberland Street. In the section of modern buildings are located: Green Drug Store, Vernon Auto Company, Faith Cafe, Plains Equipment Company, and Post Office Filling Station, all modernly equipped business houses of the first class.

White-way lights have been installed along the front of the entire section, making it one of the best lighted sections in the entire city.

R. M. Fielder, secretary of the local Chamber of Commerce, sees a true indication of the city's growth in the establishment of the new business section, he states.

Efforts are being made to secure more street lights for the section. Formerly this street was one of the darkest in the city.

### CULBERTSON SHOWS AGED PIONEER ABOUT CAPITOL

Marvin C. Culbertson and wife of Vernon have been accredited with accompanying one of the oldest citizens of Texas on his initial sight-seeing tour of the State Capitol. He recently conducted Mrs. Culbertson's grandfather, George W. Hawkins of Nolan County, about the capitol grounds as he viewed the gigantic structure for the first time, although he was one of the early settlers of the state and is now 82 years old.

After looking the Capitol over, Mr. Hawkins said: "It ain't so bad."

Mr. Culbertson and wife have been visiting points in Central Texas for more than a week.

### STUDEBAKER AGENCY TO MOVE TO NEW LOCATION

Armstrong Motor Company will move from their present location on West Wilbarger street to the Dr. A. P. Howard building on North Main street, leased by them, about September 1, according to announcement of W. M. Armstrong, manager.

The company has the Studebaker agency here. E. E. Stewart will have charge of the service department.

### Takes Vacation

Miss Essie McLarty deputy tax collector is leaving tomorrow for a visit with her sister, Miss Alice McLarty, at Colorado Springs, who is spending the summer there. Miss Alice McLarty is doing social service work in Dallas. Miss Essie will return next month.

## PETROLEUM ON DEEP SAND IN PROVEN AREA

Work Resumed in Local Fields Following Suspension of Activities Because of Rain in Early Part of Week—Several on Sand.

Following the heavy rains of the early part of the week which forced a suspension of activities in the Wilbarger oil pools, no completions were reported during the latter part of the week. Drilling has been started anew, and a large number of wells are now on the way to the sand. Petroleum Producers made the only new strike.

Marchison-Pain's well in section 50, block 14, has been completed and is making about 250 barrels a day, from the 1400-foot pay, adding another sand to the three producing levels already known in the Gulf area.

Humble has decided to go deeper in No. 2, lease 1, in section 50, block 14. It was reported in the early part of the week that the well was making 250 barrels a day from eight feet of sand at 1341-1349 feet.

Petroleum Producing Company's No. 4 Dill has picked up the deep pay at 2213 feet and are preparing to make a test. The showing indicates that a 100 barrel well will be brought in. The well is in the proven territory on section 84, block 14.

Barkley-Meadows have been unable to test the sands picked up in Nos. 3 and 4, and test will probably be made today. No. 4 has a sand at 2379, and No. 3 has a sandy line at 2305 feet. Both wells are located in section 83, block 14.

Durham reports several wells nearing the interesting stage on his leases. No. 1 on section 23, block 2, is drilling at 2900 feet. No. 3 on section 1, block 17, is drilling at 1820 feet. No. 2 on section 20, block 2, is drilling at 1430.

W. D. Wells has shut down in the wildcat on section 21, block 14.

M. L. V. Smith is drilling on section 24, block 2, with the bottom of the hole at 1425 feet.

Consolidated on section 2, block 4, is drilling at 1300 feet.

Skelley on section 16, block 2, is drilling at 1600 feet.

Humble on section 46, block 4, is drilling with bottom of the hole below a last reported depth of 1100 feet.

## U. S. Davis Now Sole Owner of Business House

U. S. Davis, local oil and real estate man, this week closed a deal whereby he acquires the interest of Dr. T. A. King in the three-story building at the corner of Main and Texas streets. This makes Mr. Davis sole owner of the property.

Several months ago the property was purchased by Dr. King, Mr. Davis and several others and the name was changed from the Hawkins building to the King building. Prior to it being purchased by L. G. Hawkins and associates it was known as the Sigger building, having been purchased in 1920 from J. E. Lutz by the Sigger oil interests. It was originally called the Lutz building.

The new owner announces that it will hereafter be called the Davis building.

### VERNON CONCERT BAND HAS ENTERED CONTEST

The Vernon Concert band has been entered in a band contest which will be held on September 27 in connection with the Tri-State Fair to be held at Amarillo September 26 to October 1. H. L. Terhune, instructor, has announced. All bands of West Texas are expected to enter.

Practice will be begun in earnest, and the band will go to Amarillo with a good chance to win. Mr. Terhune states. Only four-year bands will compete.

### FARM BUREAU PRESIDENT TO SPEAK AT CHILLICOTHO

John T. Orr, president of the Texas Farm Bureau Cotton Association, is scheduled to speak at Chillicothe tomorrow at 2 o'clock. Arno S. Pearce, secretary of the Master Cotton Spinners of the World will also make a short address. Both men will speak on farm problems and will give instructive talks to farmers. Mr. Orr addressed a farm meeting in Vernon last spring.

## "Old Home Week" at Vernon Theater Monday-Tuesday

The happy triple alliance of Meighan, Ade and Tom Geraghty, expert scenarist—the same winning combination that was responsible for the sensational triumph of "Back

Home and Broke," has scored another office bullseye with "Old Home Week," to be shown at the Vernon Theater Monday and Tuesday.

Here is a picture that portrays the sunny side of Main Street and does it in such human and humorous fashion that the memory of it will linger long after other photoplays have been forgotten.

"Old Home Week" is just a big, wholesome, smiling story with a dash of thrill, flavored with sat-

irise, and a charming love interest. It is the American small town in all its glory and it deals with the average kind of people who make up the backbone of this country.

Meighan has the type of role that he can play to perfection—that of a genial, easy-going sort of chap, misunderstood by the girl he loves, despised by the townspeople, who eventually proves himself a hero and public benefactor when he outwits a pair of crooks who are trying to put over a fake oil deal.

The supporting cast boasts a

group of experienced troupers, who are all well known to the picture-going public. Thus, lovely and charming Lila Lee is Tom's leading woman once again, and as usual, gives a delightful account of herself. Larry Wheat is another dependable actor who ably seconds Meighan. Other acting honors fall to the lot of Charles Dow Clark, Max Figgman and Charles Selton.

Victor Heermann, who produced "The Confidence Man," wielded the megaphone on "Old Home Week," and his intelligent direction is another contributing factor to the success of the photoplay.

latest Pathecomedy, "Water Wagons," which is showing today.

Capt. Noah Barr, the first pilot to navigate the Whiskey Straits in a schooner, is the inventor of this unusual craft which looks more like a whale than a speed boat. However, it is said to be the cause of a large amount of hilarity and proves itself to be the mistress of Maltese Bay by winning the great boat race of the season.

The crew of this monster of the deep and others in the cast include Madeline Hurlock, Sid Smith, Andy Clyde and John J. Richardson. Det. Lord was the director.

"He's a ridin' fool," is a term of fine approval on the cattle range, and that is a fit appellation for Hoot Gibson in "The Saddle Hawk," to be shown tomorrow. For Hoot shows supreme disregard for potential injury when it comes to displaying his skill as a horseman, and so do some of Universal Ranch Riders who add to the sensational features of the picture. Marian Nixon has the leading feminine role. Edward Sedgwick directed.

## Brunk Comedians Draw Big Crowds At Each Showing

Large crowds are attending the showings of Brunk's Comedians each night, and one does not go far without hearing the comedians complimented. Toby and Tillie Tut have won a place for themselves in the hearts of Vernon show-goers.

The crowds have apparently taken as much interest in the feature plays as they have in the comic skits. No features of the show have ever failed to hold the interest of the audience and receive hearty applause.

W. T. Waggoner, of Fort Worth, oil magnate and famous ranch owner of West Texas, was here on business connected with his holdings in this county, yesterday.

## "The Denial" and "The Saddle Hawk" To Be At Pictorium

Bert Ronce, who evoked such laughter as the traveling salesman in Rupert Hughes' "Excuse Me," that many reviewers classed him with Buster Keaton and Charlie Chaplin as a funmaker, is featured with Claire Windsor and William Haines in "The Denial," the Metro-Goldwyn-Mayer picture, which comes to the Pictorium on Monday for a two-day run. He appears as the first man to introduce a one-wing automobile into town in the days of 1897.

This play is about the dominant mother who ruled her household so rigorously that the family revolted. To the modern sequence has been added a flashback story of the mother in Spanish War days, when she loved a Rough Rider, and married the rich man who stayed home from the war. It is a Metro-Goldwyn romance.

But at last she places her daughter's happiness in the keeping of the right man.

Today, "The Price of Pleasure" is being shown at the Pictorium and is from the story, "Clinging Fingers," Virginia Valli and Louise Fazenda and George Fawcett have prominent parts. A play about a rich young man, who while masquerading as a mechanic, marries and his family repudiates the marriage with the result that there is a big mixup followed by a smashing automobile accident and then a reconciliation. It ends happily.

## STEAM LAUNDRY STARTS MONDAY

MANAGER PRAISES VERNON FOR ADVANTAGES OFFERED INDUSTRIAL PLANT.

The Vernon Steam Laundry, the new plant on South Cumberland Street, will be opened for work next Monday morning, according to B. G. Chaney, owner and manager. A factory representative has been in

Vernon installing the new machinery this week, and everything is in readiness for the opening Monday. Mr. Chaney states that his laundry is one of the most up-to-date in the state. One of the twenty-four floating roll flat-work irons in the state has been installed in the new Vernon plant. Six steam buck presses, a large collar press, and a number of steam washers have been installed.

Some idea of the size of the new plant is indicated by the fact that thirty employees will be required as a full crew. This large number is required although practically everything is run by machinery, even to the back presses.

Mr. Chaney admits that the plant

is too large for a city of Vernon's present size, saying that while the plant was capable of handling enough clothes to make \$2,000 a week, he did not expect it to make more than \$300 a week at present. "However," he said, "I believe that in a year Vernon will grow enough to keep the plant busy. With the advantages offered here the plant can operate on \$300 a week. If this city had natural gas, it would have more advantages to the industrial plants than any other city in this section. Even now, plants can be operated here at a smaller cost than in most cities in this part of the state."

Mr. Chaney has been operating laundry plants in West Texas for several years and is an experienced man.

A novel feature of the new plant is an original electric sign which is to be installed on the top of the building. The sign has a man washing his face and rubs his head. As he rubs he turns his head in disgust. Around the sign are the words, "Let dad do it, he'll send it to the laundry."

## AUTOMOBILE RECKLESSNESS.

According to a newspaper dispatch printed the other day there were more than 100 deaths in automobile accidents in mid-western and southwestern states, a territory roughly including the region west of the Mississippi in addition to the state of Illinois. Texas is credited with ten fatalities for the week.

It is not unreasonable to assume that the majority of the fatal accidents was due to carelessness and recklessness in driving. The average citizen is made to wonder, not at the largeness of the number of fatal accidents, but rather at their smallness. One need go no further than the streets of Vernon to reach the conclusion. Persons drive at break-neck speed down Main street, apparently expecting everybody else to get out of their way.

"Drive Slow" signs are disregarded in the vicinity of school buildings and school crossings. Carelessness and not speed, though, is to blame for the vast majority of traffic accidents, according to a recently published interview with a famous automobile racing driver. But usually the fast driver is in a sense the careless driver. No one can drive safely down a crowded street at 25 to 35 miles per hour. No matter how good a driver he may be, sooner or later he will either kill or get killed.

The racing driver quoted, says the chief cause of accidents is that too many drivers insist on taking their rights on the road. "Don't take your right, wait till the other driver gives it to you," he advises. "In other words the driver who insists on taking the right-of-way simply because the law gives it to him or simply because he imagines he has the right of way is the man who sooner or later will have a serious accident. This authority on driving says wait until you see that the other driver is going to grant your rights.

The right-of-way is useful chiefly as defense in a possible criminal prosecution or in a suit for damages. It is far better to yield some of your rights than to kill or maim some one or to be killed or maimed by some one else, the right-of-way is a difficult thing to determine. Usually there is a question about it. So the only safe thing is to slow down your car until you see whether the other fellow is going to give you the right-of-way.

Better let the road-hog have his way than to have a collision with him. Ignorance and selfishness on the road are annoying, but we will have to put up with them if we play the rule of safety first.

## CAPITULATING NOTORIETY.

The newspapers have been having much to say about the incident of a New York multi-millionaire being double-crossed when he adopted a pretty young Bohemian girl, thinking her an innocent little lass of 16 when she was actually 21. The adoption was annulled under somewhat sensational circumstances and a group of newspapers are said to have paid the girl \$500 for a series of stories on her experiences of the few days she was the foster daughter of the millionaire.

Probably the movie man will be along in due time to offer her a contract to appear in the pictures at a

neat salary. It is remarkable from one standpoint how eagerly the newspapers of a certain type and movie magnates of somewhat the same moral outlook seek to capitalize the notoriety of people who figure in widely published news stories. Clara Smith Hamon, slayer of Jake Hamon, Oklahoma politician and millionaire, got into the pictures for a portrayal of her admittedly improper relations with Hamon.

That seems strange, but the sensational newspaper editors and makers of cheap movie films know their public. They know that there is a certain percentage, and not a small one either, of the population who like to feed on the morbid, the gruesome and the scandalous.

## A HERO BURIED IN POTTER'S FIELD.

A man who is credited with saving the life of former President Taft, now chief Justice of the United States Supreme Court, was drowned the other day and his body buried in a pauper's grave. The incident is declared enabled the man to save Mr. Taft's life while the latter was Governor General of the Philippines. A native was about to shoot the Governor General when he was killed by the man whose body was laid to rest in a potter's field a few days ago.

U. S. SUPREME COURT  
DEFINES GOOD WILL

The United States Supreme Court has defined Good Will as "the disposition of a pleased customer to return to the place where he has been well treated."

"Good Will is also," explains T. B. Hendrix, of McFall Brothers, local Dodge Brothers dealer, "the disposition of a customer to recommend a satisfactory product to his

neighbors and friends.

"It can be created by the printed word only in so far as that word reflects the integrity of the institution behind it."

"Good Will is admittedly the most valuable asset that any business can possess. And no organization has so impressive a reason to appreciate the magnitude of its value as Dodge Brothers, Inc."

"This value—this unprecedented and world-wide Good Will—is

founded on a few old-fashioned principles of good faith and good workmanship which the world has come to associate with Dodge Brothers name."

"Building ever better and better, Dodge Brothers have simply earned the trust and friendship of the public by consistently fulfilling the public expectations."

## Miss Castlebury Becomes Bride of Wichita Attorney

A pretty home wedding was solemnized Wednesday morning at 10:30 o'clock at the residence of Mr. and Mrs. R. L. Castlebury of West Wilbarger street, when their daughter, Miss Lillie, became the bride of Albert G. Walker, prominent attorney of Wichita Falls. Only the immediate family and a few friends witnessed the ceremony. The house was beautifully decorated for the occasion with tall vases of gold, rose and orchid gladioli.

Promptly at the hour appointed,

the wedding party entered the living room to the strains of Mendelssohn's wedding march, played by Miss Georgia Castlebury, cousin of the bride. Miss Robbie Castlebury, sister of the bride, was maid of honor and Mr. William B. Abbott of Wichita Falls acted as best man.

The party was met at an improvised altar by Rev. John R. Barens, of Corsicana, former pastor of the Methodist church, of Vernon, and close friend of the family, who united the couple in the beautiful and impressive ring ceremony.

The bride was lovely in a moonstone ensemble suit of gray satin combined with poppy cut velvet. The coat of moonstone velvet was trimmed with platinum kit-fox fur and the hat of poppy velvet was trimmed in combinations of pastel shades. She carried an old-fashioned

bouquet of orchids and valley lilies. The bride was reared in this county, her family on both sides were pioneer settlers of Wilbarger county. She is a graduate of the local high school and is one of Vernon's most charming young women. Her many friends regret to give her up but are pleased that she will make her new home not so far away.

Mr. Walker is a son of C. L. Walker of Salesville, and is a graduate of the law department of the University of Texas and at present he is associated with the law firm of Bonner, Bonner and Sanford, Wichita Falls.

Soon after the wedding Mr. and Mrs. Walker departed for a trip which included Galveston and other points in South Texas. They will be at home after September 1 in Wichita Falls.

## HELP TO CELEBRATE KINSMAN'S BIRTHDAY

D. C. Lyon of Bennington, Okla., celebrated his 75th birthday on Saturday, August 8th, 1925. Mrs. Lyons is 68 years of age and on November 7, 1925, they will celebrate their golden wedding anniversary. Dinner was served to 52 relatives and friends at their home.

Mr. and Mrs. Lyon came to Oklahoma from Texas and lived at Calera until they moved to Bennington nine years ago. They have a family of twelve children, nine boys and three girls, all of whom were present at the celebration with the exception of two sons in California. The children present were as follows: Gus Lyon, Calera, Okla.; R. H. Lyon, Vernon, Texas; J. L. Lyon, Brownfield; Mrs. A. E. Carter, Calera, Okla.; Sam Lyon and Jack Lyon, Brownfield; Frank Lyon and Mary Lyon, Bennington, Oklahoma. Mr. and Mrs. Lyon celebrated their golden wedding anniversary at this time, since the date of their 50th anniversary is in November, and many of the children would have been unable to attend at that time. They received as gifts twelve pieces of gold.

The entire list of relatives and friends present was as follows: Mrs. W. H. Lick, and Miss Daisy Lick, Valliant, Okla.; Miss Beniah Fletcher and Miss Doris Avery, Roston; Bow Klazier and Lulu Renfro, Valliant, Okla.; R. H. Lyon, Vernon; R. J. Lyon and family, Vernon; J. D. Stephenson and family, Durant, Okla.; Jim Fletcher and family, Roston, Texas; J. J. Lyon, Tulsa, Okla.; Sam Lyon and family, Brownfield, Texas; Mr. and Mrs. J. L. Lyon and Jack Lyon, Brownfield, Texas; Gus Lyon and family, Calera, Okla.; A. E. Carter and family, and O. E. Floyd and family, Calera, Okla.; Mr. and Mrs. W. C. Glass, Bennington, Okla.; Mrs. Annie Randall, Vernon; Mr. Purcell, Bennington, Oklahoma.

The aged man is a brother of J. M. Lyon and an uncle of Mrs. Annie Randall of Vernon, who made the trip to Bennington by automobile.

Services at Methodist Church. Sunday School, 9:45 a. m., R. D. L. Killough, Superintendent. Preaching at 11 a. m. and 8 p. m. Morning subject, "God Measuring the Churches of Vernon." Evening subject, "The Man Up a Tree. Senior League, 7 p. m. Prayer meeting 8 p. m., Wednesday.

Mrs. H. B. Coddell of Amarillo will sing at the morning service. Come and worship with us. C. A. HICKLEY, Pastor.

## Same Fine Studebaker Coach —but at a new low One-Profit price

**BECAUSE** all Studebaker cars are manufactured on the one-profit basis, we have been able to reduce the price of the Standard Six Coach without sacrificing any of the equipment or quality which made it a big seller at a higher price.

Scientific design, better materials, and finer workmanship distinguish it. And the following self-evident superiorities make it more up-to-date than the newest "yearly models":

**Excess Power**—According to the rating of the National Automobile Chamber of Commerce this is the most powerful car of its size and weight.

**Abundant Room**—Room to stretch your legs—room to enter or leave without disturbing occupant of folding seat.

**Sturdy Body Construction**—Fine northern ash and hard maple are used. We pay a premium to get the best quality steel.

**Full-size Balloon Tires**—for which the steering gear, fenders and even the body lines are specially designed.

**Automatic Spark Control**—eliminating the usual spark lever on steering wheel.

**Safety Lighting Control**—on the steering wheel.

**Instruments**—including 8-day clock, gasoline gauge, speedometer, oil-pressure gauge and ammeter, in single grouping under glass, on beautiful silver-faced dial.

**Improved One-piece Windshield**—automatic windshield cleaner, weather-proof visor, rear-view mirror, cowl lights and cowl ventilator.

**Coincidental Lock**—to ignition and steering wheel, which serves to reduce the theft insurance rate on Studebaker cars.

**New-type Cowl Ventilator**—foot operated.

There are only two cars manufactured on the one-profit basis—the Studebaker in the fine-car field, and the Ford in the low-price field. Only in these two cases does one company in its own plants and with its own centralized organization make all bodies, all engines, all clutches, steering gears, differentials, springs, gear sets, gray iron castings, and drop forgings.

Studebaker has no "yearly models," but instead keeps its cars constantly up to date. Therefore this Standard Six Coach is ahead of the newest "yearly model," yet owners are protected from the artificial depreciation which has cut millions of dollars from the resale value of many makes during the past 30 days.

**Citation on Appointment of Temporary Guardian**  
 The State of Texas, To the Sheriff or any Constable of Wilbarger County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Wilbarger County, a copy of the following notice:

The State of Texas:  
 To all Persons interested in the Welfare of estate of Dan Nowlin and David H. Nowlin, Minors: F. E. Nowlin was of the County Court of Wilbarger County, Texas, on the 4th day of August, A. D. 1925, only appointed Temporary Guardian of the person and estate of said Minors, which appointment will be made permanent unless the same shall be successfully contested at the next term of said court, commencing on the First Monday in October, A. D. 1925, the same being the 5th day of October, A. D. 1925, at the Court House thereof, in Vernon, at which time all persons interested in the welfare of said Minors may appear and contest such appointment if they so desire.

Herein Fail Not, but have you before said court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court at office in Vernon, Texas, this 11th day of August, A. D. 1925.

J. W. HARRIS, JR., Clerk, County Court, Wilbarger County, Texas.

By Alice Gibson, Deputy.

THE STATE OF TEXAS  
 To the Sheriff or any Constable of Wilbarger County, Greeting:

You are hereby commanded to summons W. G. Wright and Mary L. Wright if living (and if dead, the unknown heirs of the said W. G. Wright, and Mary L. Wright, deceased) by making publication of this citation once each week for four consecutive weeks previous to the return date hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Wilbarger County to be held at the court house thereof in Vernon on the third Monday in August, 1925, same being the 17th day of said month, then and there to answer a petition filed in said court on the 22nd day of July, 1925, in a suit numbered on the docket of said court No. 8804, wherein A. H. Tenney is plaintiff and W. G. Wright and Mary L. Wright, if living, and if dead, the unknown heirs of W. G. Wright and Mary L. Wright, deceased, are defendants, said petition being a suit in trespass to try title of and concerning lot No. 12 of the Teahart Subdivision of the Cunningham block, otherwise known as block one of the T. H. Jones first addition to the town of Vernon, as shown by the plat recorded in volume 2, at page 24 of the plat records of Wilbarger County, Texas, said tract being more particularly described as follows:

Beginning at NE corner of half acre tract owned by Cunningham and a line to Catherine Bellah on February 1, 1880, which tract is out of said block one, T. H. Jones Addition otherwise known as the Cunningham block; Thence south 105 feet; Thence East 125 feet; Thence North 185 feet; Thence West 125 feet to the place of beginning.

And being the same land described in the deed from D. Cunningham and wife to W. G. Wright recorded in volume 22 at page 59 of the deed records of Wilbarger County, Texas, to which reference is hereby made.

Plaintiff alleges that on the 1st day of January, 1925, he was in lawful possession of said premises owning and holding the same in fee simple and on said date defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom to his damage \$5000.00.

Plaintiff further alleges that he has had and held peaceable and adverse possession of said land for more than five years prior to the 1st day of January, 1925, holding and claiming the same under a deed duly registered and paid all taxes thereon and has, therefore, perfected a title to same by the five years statute of limitation; that he has had and held adverse and peaceable possession of said land and premises for more than ten years prior to the first day of January, 1925, holding and claiming the same under a deed duly registered and paid all taxes thereon and has, therefore, perfected a title to same by the ten years statute of limitation.

Wherefore he prays that defendants be cited to appear and answer this petition and that upon trial hereof he have judgment for the title and possession of said land and premises, for writ of restitution and possession, his damages and cost of suit and general relief.

Herein fail not but have you before said court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.

Witness Mrs. J. A. Walker, clerk of the District Court of the 46th Judicial District of the State of Texas, in and for Wilbarger County.

Given under my hand and the seal of said court this 23rd day of July, 1925.

MRS. J. W. WALKER, Clerk District Court Wilbarger County Texas.

son of said land and premises for more than ten years prior to the first day of January, 1925, holding and claiming the same under a deed duly registered and paid all taxes thereon and has, therefore, perfected a title to same by the ten years statute of limitation.

Wherefore he prays that defendants be cited to appear and answer this petition and that upon trial hereof he have judgment for the title and possession of said land and premises, for writ of restitution and possession, his damages and cost of suit and general relief.

Herein fail not but have you before said court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.

## Castleberry Gets Decision in Bout at Arena Tuesday

Cliff Castleberry of Vernon was given the referee's decision Tuesday night in his ten-round bout with Young Murdock of Wichita Falls. The fight was interesting at times, but both boxers were rather too respectful of the other's ability, exercising great caution. Neither had any appreciable advantage at the end of the bout. Castleberry led the fight throughout.

Young Rich of Vernon had hard going in his eight-round semi-final with Kid Murdock of Childress, and was forced to be content with a referee's decision. Rich outpointed his opponent during the earlier part of the fight but slowed down considerably in the latter half. Kid Murdock displayed a hard left, but Rich held in check most of the time by swatting Murdock on the jaw as the left started to swing.

In an amusing four-rounder, Knock-Out Collins and Garland Newell completely exhausted them-

selves and pulled down a draw. Both lads were out on their feet after the beginning of the third round, and each remained in the ring only because his opponent was in the same condition.

## CONTRACT LET FOR GRADING COUNTY ROADS

**State Highway Commission  
Awards Wichita Falls Man  
Contract for Reconditioning  
Roads East and North From  
Oklaunion.**

A contract was let for road grading and construction of bridges over eleven and one-half miles of roads in Wilbarger County at a meeting of the State Highway Commission during the early part of the week. The Colorado-to-the-Gulf Highway will be graded north from Oklaunion and Lee Highway will be graded north from Oklaunion to Red River, connecting with the approach to the toll bridge which is under construction by Messrs. J. I. and J. A. Staley of Wichita Falls, according to the terms of the contract. R. B. Stroup of Wichita Falls was awarded the contract for the work.

Paving of the stretch between Oklaunion and Harrold will fill in the last gap in the pavement between Wichita Falls and Vernon, as everything is in readiness to pave the stretch from Harrold to the county line east. Work will start about September 1 on the latter project. Bonds have been voted for the paving of the highway between Oklaunion and Harrold, but have been held up in litigation for some time. County Commissioners made application to have the road graded in order that it might settle and be in good shape for paving if the litigation ends favorably for the county. Grading of the link of the Lee Highway between Oklaunion and Red River, and the erection of which has begun, will eliminate a long detour in Lee Highway.

Under the terms of the contract, Mr. Stroup is to receive \$11,371 for grading of the highway between Oklaunion and Harrold, and \$6,633 for grading on Lee Highway from Oklaunion North. Half of the amount will be paid out of the local road funds, and half will be paid by the State.

The letting of the contract for the grading is the first act affecting Wilbarger County made by the State Highway Commission under the terms of the new highway rules which takes all the authority to let road contracts out of the hands of the local commissioners.

## Teachers Taking Final Permanent Exams Today

Undergraduate teachers of this county are being given their last chance to secure a permanent certificate without obtaining a college degree in the teacher examinations which are being given at Junior High school today and tomorrow. Only five teachers are availing themselves of the final opportunity.

Henceforth only two classes of certificates will be granted on examination, elementary and high school. The state department of education designates these certificates as second class because they are secured by examination. First class certificates may be secured only by the completion of four-year college courses. Although the elementary certificates are valid in all elementary schools in the state, the high school certificates will be valid only in unclassified high schools.

Certificates issued before September 1, and old certificates will have the same validity as heretofore, according to the announcement from the state department.

## ELECTRA COUPLE ARE MARRIED WEDNESDAY

FOARD ASSOCIATION TO  
HOLD INSTITUTE.**

The Woman's Missionary Union of the Baptist churches of Wilbarger-Foard association will meet Tuesday, August 18 with the women of the First Baptist church, here, for a two-day institute on Christian training. Prominent women of the church will teach various subjects. Mrs. W. A. Pyle of Dallas and Mrs. Ben King of Wichita Falls will lecture on different phases of the work of the women in the church movement.

The books to be studied at this time will be taught as follows: Mrs. A. T. Underwood will teach, "Christians in Social Relationship." Mrs. C. Ross Payne, "Oaks and Laurels," and Mrs. E. F. Lyon will instruct on "Japan on the Upward Trend." The association of women embraces membership in ten or twelve churches in the two counties of Wilbarger and Foard, and a large attendance is expected. Examinations will be held the afternoon of the last day and adjournment will be made Wednesday afternoon. Members are asked to bring their lunches for the two-day session.

## Adam Donges to Install Another Egg Machine

Adam Donges, local poultryman, is installing another 15,000 Buckeye egg machine at his big hatchery in northwest Vernon. Mr. Donges expects to have the new machine ready for the fall hatch of baby chicks.

In addition to the new Buckeye he has already installed a Miller's Ideal which brings his chicken plant up to about 35,000 egg capacity. Mr. Donges was fairly swamped by orders for baby chicks and withdrew his ads in poultry journals long before the season was over. Local people also bought largely. By the installation of the new machine, he hopes to keep pace with his orders for baby chicks in the future.

## REDUCE COUNTY TAX RATE TEN CENTS ON \$100

**Reduction Is Made Possible  
Through Increase in Valua-  
tions, Due Chiefly to Oil De-  
velopment Since Last Year  
When the Rate Was 95 Cents.**

The County tax rate for 1925 was fixed at 85 cents on the \$100 valuation by the County Commissioners at the regular session of the Court Tuesday. This represents a reduction of 10 cents from the levy of last year when the rate was 95 cents.

The reduction was made possible by the increase in total valuations from slightly less than \$10,000,000 to a little more than \$20,000,000. The increase made reductions possible for levies in several different instances, though an increase was found to be necessary in others, notably the road and bridge fund, on account of the heavy demand for road improvement to the oil fields and the chronic shortage of funds for the improvement of lateral roads in different sections of the county. The opening of new roads has also made a heavy demand on the road and bridge funds.

Even with an increase in road funds, they will still be inadequate to satisfactorily maintain the hundreds of miles of dirt roads in the county. None of the increase in revenues will come into the treasurer, of course, until next year. The bulk of the taxes are paid in January each year, although they become due and payable October 1.

No change was possible in the district road bond levies in the Harrold and Oklaunion precincts, due to the fact that most of the increase in valuations came from the oil fields and most of it is located in the West Vernon Commissioner's precinct, outside of the road districts. The levies in the various school district vary and are not included in the County tax levy.

In addition to the levy of 85 cents and valorem an occupation tax equal to one-half the occupation taxes of the State was levied on all businesses subject to such tax. The usual county poll tax of 25 cents was also included in the levy.

Following is a table showing the levies for 1925 and 1924:

Class	1925	1924
1. Jury fund	33	38
2. Road and bridge	29	30
3. General fund	24	23
4. Bridge bonds	32	32
5. General indebtedness	31	31
6. Court house bonds	31	31
7. Special warrants	0	1.2
8. Special warrants	0	1.2
9. Bridge warrants	37	31
10. Court H. and jail	32	32
11. Road & bridge war.	31	31
12. Series A road bonds	34	35
13. Series B road bonds	29	30
Totals	35	35

## Fort Worth Man Injured On Road Near Vernon Dies

Dr. G. R. Williams, Fort Worth dentist, who was injured when a car in which he and W. N. Moore, postmaster of Fort Worth, were riding, turned over near Vernon, and at a Fort Worth sanitarium Monday night.

Dr. Williams was injured on August 4, when the car in which he was riding slid off the pavement two miles east of Vernon in an attempt to pass a truck load of pipe. Both men were pinned beneath the car, and Dr. Williams sustained several broken ribs, a fractured collar bone, and a crushed chest. He was given treatment at a local sanitarium, and was carried to Fort Worth the next day. It was thought that he was recovering here.

The body was shipped to the family home in Eagleview, Tenn.

## ABILENE MAN DIES AT HOME OF DAUGHTER HERE

T. W. Lilius, 46, of Abilene died at the home of his daughter, Mrs. S. F. Martin of South Lowe street Wednesday afternoon. He had been visiting in this city about two weeks prior to his death.

The body was shipped to Abilene for burial at noon Thursday. The deceased is survived by a wife, his father, H. Lilius, a brother, Alim Lilius, a sister, Hanna Lilius, all of Abilene, and a daughter, Mrs. S. F. Martin of Vernon.

## COTTON PESTS DISCOVERED IN LOCAL FIELDS

**Measuring Committee Finds Boll  
Worms and Weevils on Cot-  
ton Farms in Some Sections  
of the County—Says No Need  
for Alarm.**

While measuring the cotton crops entered in the "More Cotton on Fewer Acres Contest," a committee composed of local business men found boll worms and boll weevils on a number of farms in various sections of the county, although in small numbers. Weevils were found in the southwest part of the county, and worms in the northwest.

P. D. Chaney, one of the committee who toured the county in making the measurements, said that appearance of the insects need cause no alarm among the farmers, as they appeared in such small numbers, and were found only in very low places where the cotton was almost waist high. He expressed the belief that the average cotton would not shade the ground enough to make the insects dangerous.

The county agent stated that he was well pleased with Wilbarger county's cotton outlook for this year, after visiting every community in the county. He expressed surprise that the drought stricken crops had developed so rapidly following the rains. Other members of the committee state the belief that the county will produce as much cotton as it did last year.

All farms which were entered in the "More Cotton on Fewer Acres Contest" from this county have been measured, and reports have been made to the state officials. R. M. Fielder, chairman of the measuring committee, stated this morning. Forty farmers entered the contest from this county, although a number entered at Electra following the announcement that a local prize would be given by that city to the winners entered there.

J. O. Orr, Walter Cagle, and R. M. Fielder, chairman, composed the measuring committee. P. D. Chaney, county agent, accompanied the committee on its tour.

## Divorces Feature Work Listed For Fall Term Court

Wilbarger County married people are evidently becoming tired of each other, as twenty-seven new divorce cases have been placed on the district court docket since the last term, which will be tried during the fall term which begins Monday, according to the docket. This is the largest number listed for trial in recent years, according to Mrs. J. A. Walker, district clerk.

Mrs. Walker states that this will evidently be a busy term of court as seventy-one new cases have been placed on docket since the spring term of court dismissed. A number of cases continued from last term will be brought up in the fall term, among them being the Bryant murder case in which Dave C. Bryant is charged with the murder of Harry A. K. Hagen.

Only appearance cases will be tried. Jury will be called for the second and next week as no jury will be called, week.

## LIBRARY RECEIVES NEW GOVERNMENT BULLETINS

The Library has recently received the following Government bulletins: Regulations concerning Oil and Gas Permits and Leases, Including Relief Measures and Rights of Way for Oil and Gas Pipe Lines. Operating Regulations to Govern the Production of Oil and Gas. United States Mining Laws and Regulations Thereunder. Recommendations Made to the Secretary of the Interior Concerning Red River Oil Land Leases. Outline Map Showing Texas and Oklahoma Boundary. Big Bend Area.

## Leave for Dallas.

Mrs. J. W. McCrary and son, Tom, and daughter, Miss Louise, left today for Dallas, where Mrs. McCrary will be at the bedside of her son, Rev. Wilson McCrary, of Millican, who is recovering from an operation for appendicitis. Miss Louise and her brother, will visit relatives in Temple and Nolanville, also.

## Takes Vacation

Miss Essie McLarty deputy tax collector is leaving tomorrow for a visit with her sister, Miss Alice McLarty, at Colorado Springs, who is spending the summer there. Miss Alice McLarty is doing social service work in Dallas. Miss Essie will return next month.

Zazu Pitts, screen actress, escaped with a dislocated shoulder and bruises when her car plunged 150 feet down an embankment in the Santa Cruz Mountains.

## FAITH CAFE TO OPEN SATURDAY

**COMPLETES NEW SECTION IN  
BUSINESS DISTRICT  
OF CITY.**

Formal opening of the Faith Cafe will take place at its location at 1607 Cumberland Street tomorrow morning, according to an announcement made by Steve Maryol, owner. Tomorrow morning between the hours of 7 and 9 o'clock all visitors will be served sandwiches and coffee.

The opening of the new cafe completes the new business section on the sixteen-hundred block of Cumberland Street. In the section of modern buildings are located: Green Drug Store, Vernon Auto Company, Faith Cafe, Plains Equipment Company, and Post Office Filling Station, all modernly equipped business houses of the first class.

White-way lights have been installed along the front of the entire section, making it one of the best lighted sections in the entire city.

R. M. Fielder, secretary of the local Chamber of Commerce, sees a true indication of the city's growth in the establishment of the new business section, he states.

Efforts are being made to secure more street lights for the section. Formerly this street was one of the darkest in the city.

## CULBERTSON SHOWS AGED PIONEER ABOUT CAPITOL

Marvin C. Culbertson and wife of Vernon have been accredited with accompanying one of the oldest citizens of Texas on his initial sight-seeing tour of the State Capitol. He recently conducted Mrs. Culbertson's grandfather, George W. Hawkins, son of Nolan County, about the capitol grounds as he viewed the gigantic structure for the first time, although he was one of the early settlers of the state and is now 82 years old.

After looking the Capitol over, Mr. Hawkins said: "It ain't so bad."

Mrs. Culbertson and wife have been visiting points in Central Texas for more than a week.

## STUDEBAKER AGENCY TO MOVE TO NEW LOCATION

Armstrong Motor Company will move from their present location on West Wilbarger street to the Dr. A. P. Howard building on North Main street, leased by them, about September 1, according to announcement of W. M. Armstrong, manager. The company has the Studebaker agency here. F. E. Stewart will have charge of the service department.

## FARM BUREAU PRESIDENT TO SPEAK AT CHILLICOTHI

John T. Orr, president of the Texas Farm Bureau Cotton Association, is scheduled to speak at Chillicothe tomorrow at 2 o'clock. Arno S. Pearce, secretary of the Master Cotton Spinners of the World will also make a short address. Both men will speak on farm problems and will give instructive talks to farmers. Mr. Orr addressed a farm meeting in Vernon last spring.

## PETROLEUM ON DEEP SAND IN PROVEN AREA

**Work Resumed in Local Fields  
Following Suspension of Activi-  
ties Because of Rain in  
Early Part of Week—Several  
on Sand.**

Following the heavy rains of the early part of the week which forced a suspension of activities in the Wilbarger oil pools, no completions were reported during the latter part of the week. Drilling has been started anew, and a large number of wells are now on the way to the sand. Petroleum Producers made the only new strike.

Murchison-Fair's well in section 50, block 14, has been completed and is making about 250 barrels a day from the 1400-foot pay, adding another sand to the three producing levels already known in the Gulf area.

Humble has decided to go deeper in No. 2, lease 1, in section 50, block 14. It was reported in the early part of the week that the well was making 250 barrels a day from eight feet of sand at 1341-1349 feet.

Petroleum Producing Company's No. 4 Dill has picked up the deep pay at 2213 feet and are preparing to make a test. The showing indicates that a 100 barrel well will be brought in. The well is in the proven territory on section 84, block 14.

Barkley-Meadows have been unable to test the sands picked up in Nos. 3 and 4, and test will probably be made today. No. 4 has a sand at 2379, and No. 3 has a sandy time at 2365 feet. Both wells are located in section 83, block 14.

Durham reports several wells nearing the interesting stage on his leases. No. 1 on section 25, block 2, is drilling at 2000 feet. No. 3 on section 3, block 17, is drilling at 1829 feet. No. 2 on section 20, block 2, is drilling at 1430.

W. D. Wells has shut down in the wildcat on section 21, block 14.

M. L. V. Smith is drilling on section 24, block 2, with the bottom of the hole at 1425 feet.

Consolidated on section 2, block 4, is drilling at 1300 feet.

Skeley on section 16, block 2, is drilling at 1600 feet.

Humble on section 36, block 4, is drilling with bottom of the hole below a last reported depth of 1100 feet.

## U. S. Davis Now Sole Owner of Business House

U. S. Davis, local oil and real estate man, this week closed a deal whereby he acquires the interest of Dr. T. A. King in the three-story building at the corner of Main and Texas streets. This makes Mr. Davis sole owner of the property.

Several months ago the property was purchased by Dr. King. Mr. Davis and several others and the name was changed from the Hawkins building to the King building. Prior to it being purchased by L. G. Hawkins and associates, it was known as the Sigler building, having been purchased in 1920 from J. E. Lutz by the Sigler oil interests. It was originally called the Lutz building.

The new owner announces that it will hereafter be called the Davis building.

## VERNON CONCERT BAND HAS ENTERED CONTEST

The Vernon Concert band has been entered in a band contest which will be held on September 27 in connection with the Tri-State Fair to be held at Amarillo September 26 to October 1. H. L. Terhune, instructor, has announced. All bands of West Texas are expected to enter.

Practice will be begun in earnest, and the band will go to Amarillo with a good chance to win. Mr. Terhune states. Only four-year bands will compete.

## FARM BUREAU PRESIDENT TO SPEAK AT CHILLICOTHI

John T. Orr, president of the Texas Farm Bureau Cotton Association, is scheduled to speak at Chillicothe tomorrow at 2 o'clock. Arno S. Pearce, secretary of the Master Cotton Spinners of the World will also make a short address. Both men will speak on farm problems and will give instructive talks to farmers. Mr. Orr addressed a farm meeting in Vernon last spring.

## MAN STILL IN JAIL FOR RUNNING OVER FARMER

Dan Danner of Ponca City, Okla., is still lodged in the local county jail in connection with the running down of Jim Goodale, a farmer living near Harrold. Danner is charged with operating a car while intoxicated.

The former was injured more than a week ago while walking along the road near his home. A speeding car struck him, ran over him and turned over. He is able to walk, and is recovering rapidly according to latest reports.

## "Old Home Week" at Vernon Theater Monday-Tuesday

The happy triple alliance of Meighan, Ade and Tom Geraghty, expert scenarist—the same winning combination that was responsible for the sensational triumph of "Back

Home and Broke," has scored another office bullseye with "Old Home Week," to be shown at the Vernon Theater Monday and Tuesday.

Here is a picture that portrays the sunny side of Main Street and does it in such human and humorous fashion that the memory of it will linger long after other photoplays have been forgotten.

"Old Home Week" is just a big, wholesome, smiling story with a dash of thrill, flavored with sat-

irise, and a charming love interest. It is the American small town in all its glory and it deals with the average kind of people who make up the backbone of this country.

Meighan has the type of role that he can play to perfection—that of a genial, easy-going sort of chap, misunderstood by the girl he loves, despised by the townspeople, who eventually proves himself a hero and public benefactor when he outwits a pair of crooks who are trying to put over a fake oil deal.

The supporting cast boasts a

group of experienced troupers, who are all well known to the picture-going public. Thus, lovely and charming Lila Lee is Tom's leading woman once again, and as usual, gives a delightful account of herself. Larry Wheat is another dependable actor who ably seconds Meighan. Other acting honors fall to the lot of Charles Dow Clark, Max Figgman and Charles Sellen.

## "The Denial" and "The Saddle Hawk" To Be At Pictorium

Bert Roach, who evoked such laughter as the traveling salesman in Rupert Hughes' "Excuse Me" that many reviewers classed him with Buster Keaton and Charlie Chaplin as a funmaker, is featured with Claire Windsor and William Haines in "The Denial," the Metro-Goldwyn-Mayer picture, which comes to the Pictorium on Monday for a two-day run. He appears as the first man to introduce a one-winged automobile into town in the days of 1907.

This play is about the dominant mother who ruled her household so rigorously that the family recoiled. To the modern sequence has been added a flashback story of the mother in Spanish War days, when she loved a Rough Rider, and married the rich man who stayed home from the war. It is a Metro-Goldwyn release.

But at last she places her daughter's happiness in the keeping of the right man.

Today, "The Price of Pleasure" is being shown at the Pictorium and is from the story, "Clinging Fingers," Virginia Valli and Louise Fazenda and George Fawcett have prominent parts. A play about a rich young man, who while masquerading as a mechanic, marries and his family repudiates the marriage with the result that there is a big mixup followed by a smashing automobile accident and then a reconciliation. It ends happily.

"The Pussycat," an exhibition of juggernaut, or in plain English, a monster that travels on land or sea, is to be seen in Mack Sennett's

latest Pathecomedy, "Water Wagons," which is showing today. Capt. Noah Barr, the first pilot to navigate the Whiskey Straits in a schooner, is the inventor of this unusual craft which looks more like a whale than a speed boat. However, it is said to be the cause of a large amount of hilarity and proves itself to be the mistress of Maltese Bay by winning the great boat race of the season.

The crew of this monster of the deep and others in the cast include Madeline Hurlock, Sid Smith, Andy Clyde and John J. Richardson. Del Lord was the director.

"He's a ridin' fool," is a term of fine approval on the cattle range, and that is a fit appellation for Hoot Gibson in "The Saddle Hawk," to be shown tomorrow. For Hoot shows supreme disregard for potential injury when it comes to displaying his skill as a horseman, and so do some of Universal Ranch Riders who add to the sensational features of the picture. Marian Nixon has the leading feminine role. Edward Sedgwick directed.

## Brunk Comedians Draw Big Crowds At Each Showing

Large crowds are attending the showings of Brunk's Comedians each night, and one does not go far without hearing the comedians complimented. Toby and Tillie Tut have won a place for themselves in the hearts of Vernon show-goers.

The crowds have apparently taken as much interest in the feature plays as they have in the comic skits. No features of the show has ever failed to hold the interest of the audience and receive hearty applause.

W. T. Waggoner, of Fort Worth, oil magnate and famous ranch owner of West Texas, was here on business connected with his holdings in this county, yesterday.

## STEAM LAUNDRY STARTS MONDAY

MANAGER PRAISES VERNON FOR ADVANTAGES OFFERED INDUSTRIAL PLANT.

The Vernon Steam Laundry, the new plant on South Cumberland Street, will be opened for work next Monday morning, according to B. G. Chaney, owner and manager. A factory representative has been in

Vernon installing the new machinery this week, and everything is in readiness for the opening Monday. Mr. Chaney states that his laundry is one of the most up-to-date in the state. One of the twenty-four floating roll flat-work irons in the state has been installed in the new Vernon plant. Six steam buck presses, a large collar press, and a number of steam washers have been installed.

Some idea of the size of the new plant is indicated by the fact that thirty employees will be required as a full crew. This large number is required although practically everything is run by machinery, even to the buck presses.

Mr. Chaney admits that the plant

is too large for a city of Vernon's present size, saying that while the plant was capable of handling enough clothes to make \$2,000 a week, he did not expect it to make more than \$300 a week at present. "However," he said, "I believe that in a year Vernon will grow enough to keep the plant busy. With the advantages offered here the plant can operate on \$300 a week. If this city had natural gas, it would have more advantages to the industrial plants than any other city in this section. Even now, plants can be operated here at a smaller cost than in most cities in this part of the state."

Mr. Chaney has been operating laundry plants in West Texas for several years and is an experienced man.

A novel feature of the new plant is an original electric sign which is to be installed on the top of the building. The sign has a man washing old clothes by the old method, using the tub and rub board. As the rule he turns his head in disgust. Around the sign are the words: "Let dad do it, he'll send it to the laundry."

AUTOMOBILE RECKLESSNESS.

According to a newspaper dispatch printed the other day there were more than 100 deaths in automobile accidents in mid-western and southwestern states, a territory roughly including the region west of the Mississippi in addition to the state of Illinois. Texas is credited with ten fatalities for the week.

It is not unreasonable to assume that the majority of the fatal accidents were due to carelessness and recklessness in driving. The average citizen is made to wonder, not at the largeness of the number of fatal accidents, but rather at their smallness. One need go no further than the streets of Vernon to reach the conclusion. Persons drive at break-neck speed down Main street, apparently expecting everybody else to get out of their way.

"Drive Slow" signs are disregarded in the vicinity of school buildings and school crossings. Carelessness and not speed, though, is to blame for the vast majority of traffic accidents, according to a recently published interview with a famous automobile racing driver. But usually the fast driver is in a sense the careless driver. No one can drive safely down a crowded street at 25 to 35 miles per hour. No matter how good a driver he may be, sooner or later he will either kill or get killed.

The racing driver quoted, says the chief cause of accidents is that too many drivers insist on taking their rights on the road. "Don't take your right, wait till the other driver gives it to you," he advises. In other words the driver who insists on taking the right-of-way simply because the law gives it to him or simply because he imagines he has the right of way is the man who sooner or later will have a serious accident. This authority on driving says wait until you see that the other driver is going to grant your rights.

The right-of-way is useful chiefly as defense in a possible criminal prosecution or in a suit for damages. It is far better to yield some of your rights than to kill or maim some one or to be killed or maimed by some one else, the right-of-way is a difficult thing to determine. Usually there is a question about it. So the only safe thing is to slow down your car until you see whether the other fellow is going to give you the right-of-way.

Better let the road-hog have his way than to have a collision with him. Ignorance and selfishness on the road are annoying, but we will have to put up with them if we play the rule of safety first.

CAPITULATING NOTORIETY.

The newspapers have been having much to say about the incident of a New York multi-millionaire being double-crossed when he adopted a pretty young Bohemian girl, thinking her an innocent little lass of 16 when she was actually 21. The adoption was annulled under somewhat sensational circumstances and a group of newspapers are said to have paid the girl \$500 for a series of stories on her experiences of the few days she was the foster daughter of the millionaire.

Probably the movie men will be along in due time to offer her a contract to appear in the pictures at a

## Renew Your Health By Purification

neat salary. It is remarkable from one standpoint how eagerly the newspapers of a certain type and movie magnates of somewhat the same moral outlook seek to capitalize the notoriety of people who figure in widely published news stories. Clara Smith Hamon, slayer of Jake Hamon, Oklahoma politician and millionaire, got into the pictures for a portrayal of her admittedly improper relations with Hamon.

That seems strange, but the sensational newspaper editors and makers of cheap movie films know their public. They know that there is a certain percentage, and not a small one either, of the population who like to feed on the morbid, the gruesome and the scandalous.

## A HERO BURIED IN POTTER'S FIELD.

A man who is credited with saving the life of former President Taft, now chief justice of the United States Supreme Court, was drowned the other day and his body buried in a pauper's grave. The incident is declared enabled the man to save Mr. Taft's life while the latter was Governor General of the Philippines. A native was about to shoot the Governor General when he was killed by the man whose body was laid to rest in a potter's field a few days ago.

It would seem that such an act would have been sufficient guaranty of a Christian burial. But Taft's benefactor did nothing more than thousands of other men would have done. Thousands of heroic deeds are done every day. Heroism is not dead. Nor is gratitude. If this man really saved the life of the present chief justice no doubt the latter will pay suitable homage to the memory of his friend. Taft is that sort of a man.

## HAROLD MAN IS ELECTED TO TAILOR'S GUILD

A. B. Rock, of Harold, has been elected to membership in the Born Tailors' Guild, a national association of master tailors, according to word from the headquarters of the organization in Chicago. # U. S. SUPREME COURT DEFINES GOOD WILL

The United States Supreme Court has defined Good Will as "the disposition of a pleased customer to return to the place where he has been well treated."

"Good Will is also," explains J. B. Hendrix, of McFall Brothers, local Dodge Brothers dealer, "the disposition of a customer to recommend a satisfactory product to his

neighbors and friends. "It can be created by the printed word only in so far as that word reflects the integrity of the institution behind it."

"Good Will is admittedly the most valuable asset that any business can possess. And no organization has so impressive a reason to appreciate the magnitude of its value as Dodge Brothers, Inc."

"This value—this unprecedented and world-wide Good Will—is

founded on a few old-fashioned principles of good faith and good workmanship which the world has come to associate with Dodge Brothers name."

"Building ever better and better, Dodge Brothers have simply earned the trust and friendship of the public by consistently fulfilling the public expectations."

Mrs. James Young returned Saturday from a visit with relatives in Wheeler and Callingsworth counties. She was accompanied home by her brother, James Cook.

Senator J. D. Parnell of Wichita Falls was here on business Wednesday and Thursday. He was accompanied by his wife and they were guests of friends while here.

J. C. Moore and son, Dick Moore, of McKinney, stopped in Vernon this week to visit in the home of their cousin, J. W. Carrington, while en route home from a trip to the plains.

Mr. and Mrs. R. D. L. Killough and daughter, Josephine, returned this week from Long Beach and Los Angeles, where Mrs. Killough and daughter have been spending the summer.

Mr. and Mrs. Louis Byrd accompanied by Ferris Holmes and Holmes Dollahide of Electra left yesterday for points in Colorado, where they will spend the remainder of the summer.

J. M. Thomas, agent for the San Jacinto Life Insurance company, with offices at Fort Worth, is here for a visit with his family.

Mrs. M. G. Neathery, who has recently undergone a very serious operation in a Paris sanitarium, is improving rapidly.

Dr. and Mrs. John R. Beall of Dallas were guests of Mr. and Mrs. B. F. Love on Stephens street this week.

## Miss Castlebury Becomes Bride of Wichita Attorney

A pretty home wedding was solemnized Wednesday morning at 10:30 o'clock at the residence of Mr. and Mrs. R. L. Castlebury of West Wilbarger street, when their daughter, Miss Lillie, became the bride of Albert G. Walker, prominent attorney of Wichita Falls. Only the immediate family and a few friends witnessed the ceremony. The house was beautifully decorated for the occasion with tall vases of gold, rose and orchid gladioli.

the wedding party entered the living room to the strains of Mendelssohn's wedding march, played by Miss Georgia Castlebury, cousin of the bride. Miss Robbie Castlebury, sister of the bride, was maid of honor and Mr. William B. Abbott of Wichita Falls acted as best man. The party was met at an improvised altar by Rev. John R. Barrens, of Corsicana, former pastor of the Methodist church, of Vernon, and close friend of the family, who united the couple in the beautiful and impressive ring ceremony.

The bride was lovely in a moonstone ensemble suit of gray satin combined with poppy cut velvet. The coat of moonstone velvet was trimmed with platinum knit-fox fur and the hat of poppy velvet was trimmed in combinations of pastel shades. She carried an old-fashioned bouquet of orchids and valley lilies.

The bride was reared in this county, her family on both sides were pioneer settlers of Wilbarger county. She is a graduate of the local high school and is one of Vernon's most charming young women. Her many friends regret to give her up but are pleased that she will make her new home not so far away.

Mr. Walker is a son of C. L. Walker of Salesville, and is a graduate of the law department of the University of Texas and at present he is associated with the law firm of Bonner, Bonner and Sanford, Wichita Falls.

Soon after the wedding, Mr. and Mrs. Walker departed for a trip which included Galveston and other points in South Texas. They will be at home after September 1 in Wichita Falls.

## HELP TO CELEBRATE KINSMAN'S BIRTHDAY

D. C. Lyon of Bennington, Okla., celebrated his 75th birthday on Saturday, August 8th, 1925. Mrs. Lyons is 68 years of age and on November 7, 1925, they will celebrate their golden wedding anniversary. Dinner was served to 52 relatives and friends at their home.

Mr. and Mrs. Lyon came to Oklahoma from Texas and lived at Calera until they moved to Bennington nine years ago. They have a family of twelve children, nine boys and three girls, all of whom were present at the celebration with the exception of two sons in California. The children present were as follows: Gus Lyon, Calera, Okla.; R. L. Lyon, Vernon, Texas; J. L. Lyon, Brownfield; Mrs. A. E. Carter, Calera, Okla.; Sam Lyon and Jack Lyon, Brownfield; Frank Lyon and Mary Lyon, Bennington, Oklahoma. Mr. and Mrs. Lyon celebrated their golden wedding anniversary at this time, since the date of their 50th anniversary is in November, and many of the children would have been unable to attend at that time. They received as gifts twelve pieces of gold.

The entire list of relatives and friends present was as follows: Mrs. W. H. Lick and Miss Daisy Lick, Valliant, Okla.; Miss Beulah Fletcher and Miss Doris Avery, Roston; Bow Kiazar and Lula Renfro, Valliant, Okla.; R. H. Lyon, Vernon; R. J. Lyon and family, Vernon; J. D. Stephenson and family, Durant, Okla.; Jim Fletcher and family, Roston, Texas; Will Meyer, Roston, Texas; J. J. Lyon, Tulsa, Okla.; Sam Lyon and family, Brownfield, Texas; Mr. and Mrs. J. L. Lyon and Jack Lyon, Brownfield, Texas; Gus Lyon and family, Calera, Okla.; R. E. Carter and family, and O. E. Floyd and family, Calera, Okla.; Mr. and Mrs. W. C. Glass, Bennington, Okla.; Mrs. Annie Randall, Vernon; Mr. Purcell, Bennington, Oklahoma.

The aged man is a brother of J. M. Lyon and an uncle of Mrs. Annie Randall of Vernon, who made the trip to Bennington by automobile.

Services at Methodist Church, Sunday School, 9:45 a. m., R. D. L. Killough, Superintendent. Preaching at 11 a. m. and 8 p. m. Morning subject, "God Measuring the Churches of Vernon." Evening subject, "The Man Up a Tree." Senior League, 7 p. m. Prayer meeting 8 p. m., Wednesday.

Mrs. H. B. Coddell of Amarillo will sing at the morning service. Come and worship with us. C. A. HICKLEY, Pastor.

## Same Fine Studebaker Coach

—but at a new low One-Price price

**BECAUSE** all Studebaker cars are manufactured on the one-price basis, we have been able to reduce the price of the Standard Six Coach without sacrificing any of the equipment or quality which made it a big seller at a higher price.

Scientific design, better materials, and finer workmanship distinguish it. And the following self-evident superiorities make it more up-to-date than the newest "yearly models":

**Excess Power**—According to the rating of the National Automobile Chamber of Commerce this is the most powerful car of its size and weight.

**Abundant Room**—Room to stretch your legs—room to enter or leave without disturbing occupant of folding seat.

**Sturdy Body Construction**—Fine northern ash and hard maple are used. We pay a premium to get the best quality steel.

**Full-size Balloon Tires**—for which the steering gear, fenders and even the body lines are specially designed.

**Automatic Spark Control**—eliminating the usual spark lever on steering wheel.

**Safety Lighting Control**—on the steering wheel.

**Instruments**—including 8-day clock, gasoline gauge, speedometer, oil-pressure gauge and ammeter, in single grouping under glass, on beautiful silver-faced dial.

**Improved One-piece Windshield**—automatic windshield cleaner, weather-proof visor, rear-view mirror, cowl lights and cowl ventilator.

**Coincidental Lock**—to ignition and steering wheel, which serves to reduce the theft insurance rate on Studebaker cars.

**New-type Cowl Ventilator**—foot operated.

There are only two cars manufactured on the one-price basis—the Studebaker in the fine-car field, and the Ford in the low-price field. Only in these two cases does one company in its own plants and with its own centralized organization make all bodies, all engines, all clutches, steering gears, differentials, springs, gear sets, gray iron castings, and drop forgings.

Studebaker has no "yearly models," but instead keeps its cars constantly up to date. Therefore this Standard Six Coach is ahead of the newest "yearly model," yet owners are protected from the artificial depreciation which has cut millions of dollars from the resale value of many makes during the past 30 days.

 of in some newspaper published  
 regularly in the district court of  
 Wilbarger County to be holden at the  
 court house thereof in Vernon on the  
 11th day of August, 1925, same be-  
 ing the 17th day of said month, then  
 and there to answer a petition filed in  
 said court on the 23rd day of July,  
 1925, in a suit numbered on the docket  
 of said court No. 324, wherein A. L.  
 Felnet is plaintiff and W. G. Wright  
 and Mary L. Wright if living, and if  
 dead, the unknown heirs of W. G.  
 Wright and Mary L. Wright, deceased,  
 are defendants, said petition being a  
 suit in trespass to try title of and con-  
 sideration of the Cunningham block, oth-  
 erwise known as block one of the T. H.  
 Jones first addition to the town of Ver-  
 non, as shown by the plat recorded in  
 volume 2, at page 24 of the plat records  
 of Wilbarger County, Texas, said tract  
 being more particularly described as  
 follows:  
 Beginning at NE corner of half acre  
 tract owned by Cunningham and wife  
 to Catherine Bellah on February 1, 1880,  
 which tract is out of said block one,  
 as the Cunningham block; Thence south  
 105 feet; Thence East 125 feet; Thence  
 North 165 feet; Thence West 125 feet  
 to the place of beginning.  
 And being the same land described  
 in the deed from D. Cunningham and  
 wife to W. G. Wright recorded in vol-  
 ume 2, at page 24 of the plat records  
 of Wilbarger County, Texas, to which  
 reference is hereby made.  
 Plaintiff alleges that on the 1st day  
 of January, 1925, he was in lawful pos-  
 session of said premises owning and  
 holding the same in fee simple and on  
 said date defendants unlawfully en-  
 tered upon said land and premises and  
 ejected plaintiff therefrom to his dam-  
 age \$500.00.  
 Plaintiff further alleges that he has  
 possession of said land for more than five  
 years prior to the 1st of January, 1925,  
 holding and claiming the same under  
 a deed duly recorded and paid all  
 taxes thereon and has, therefore, per-  
 fected a title to same by the five years  
 statute of limitations that he has had  
 and held adverse and peaceable posses-

sion of said land and premises for more  
 than ten years prior to the first of  
 January, 1925, holding and claiming  
 the same under a claim of right and  
 has perfected a title thereto by the ten  
 years statute of limitation.  
 Wherefore he prays that defendants  
 be cited to appear and answer this pe-  
 tition and that upon trial hereof he  
 have judgment for the title and posses-  
 sion of said land and premises, for  
 writ of restitution and possession, his  
 damages and cost of suit and general  
 relief.  
 Herein fail not but have you before  
 said court on the first day of the next  
 term thereof this writ with your re-  
 turn thereon showing how you have  
 executed the same.  
 Witness Mrs. J. A. Walker, clerk of  
 the District Court of the 46th Judicial  
 District of the State of Texas, in and  
 for Wilbarger County.  
 Given under my hand and the seal  
 of said court this 23rd day of July,  
 1925.  
 MRS. J. W. WALKER,  
 Clerk District Court Wilbarger Coun-  
 ty Texas.

## Castleberry Gets Decision in Bout at Arena Tuesday

Cliff Castleberry of Vernon was given the referee's decision Tuesday night in his ten-round bout with Young Murdock of Wichita Falls. The fight was interesting at times, but both boxers were rather too respectful of the other's ability, exercising great caution. Neither had any appreciable advantage at the end of the bout. Castleberry led the fight throughout.

Young Rich of Vernon had hard going in his eight-round semi-final with Kid Murdock of Childress, and was forced to be content with a referee's decision. Rich outpointed his opponent during the earlier part of the fight but slowed down considerably in the latter half. Kid Murdock displayed a hard left, but Rich held in check most of the time by swatting Murdock on the jaw as the left started to swing.

In an amusing four-rounder, Knock-Out Collins and Garland Newell completely exhausted them-

selves and pulled down a draw. Both lads were out on their feet after the beginning of the third round, and each remained in the ring only because his opponent was in the same condition.
